

DENIAL OF RIGHT-OF-ENTRY

[For Providing Debris Removal on Private Property]

I, _____ (“Owner”), am the owner of that real property commonly known as _____, County of El Dorado, State of California (“Premises”), subject to all licenses, easements, encumbrances, and claims of title affecting the Premises. I have been advised of and understand El Dorado County (“County”) in conjunction with various state agencies has developed an inspection and debris removal plan relating to the damage to the Premises caused by the Angora fire. The inspection and debris removal plan calls for the inspection, testing and removal of all fire-generated debris of whatever nature including but not limited to ash, vehicles, construction debris, trees, waste or other materials from the Premises. I understand that as part of the inspection and debris removal plan, the County has sought my permission to enter the Premises.

By signing this form, I am **denying consent** to the County, its officers, employees and agents to enter upon the premises for purposes of implementing the inspection and debris removal plan.

I understand that by denying consent to the County, its officers, employees and agents to enter upon the Premises, I am accepting responsibility for the inspection, testing and removal of all fire generated debris of whatever nature from the premises in compliance with all Federal laws and regulations, State laws and regulations, and local codes and ordinances.

For purposes of this document, “County’s Agents” are defined as any person, agency, firm, or corporation authorized to work upon the Premises by the County including but not limited to California Environmental Protection Agency and its contractors, National Resource Conservation Service, Cal Fire, California Conservation Corps, and California Department of Corrections and Rehabilitation.

Owner represents and warrants that it has full power and authority to execute and fully perform its obligations under this Permit pursuant to its governing instruments, without the need for any further action, and that the person(s) executing this Permit on behalf of Owner are the duly designated agents of Owner and are authorized to do so, and that fee title to the Premises vests solely in Owners.
